

COVID 19 Home School Agreement

This is what WE DO to keep your child as safe as we can from infection

- Provide use of PPE: Masks, Aprons, Gloves
- Staggered start and end times of day for some pupils
- Teach children in very small “class bubbles” to limit spread of infection
- Provide sanitisers and cleaning disinfectants for every class bubble
- Supervise regular toileting and handwashing
- Supervise playtime to maintain social distancing
- Prevent close contact between pupils as much as possible
- Send a child with ANY symptoms of COVID home immediately and advise parents of testing procedures
- Refer staff (and family members) with ANY symptoms for testing
- CLOSE for a deep clean, IF there is a confirmed case, from anyone who has been on school site
- Constantly review provision in line with Government and LA direction
- Keep in touch with families regularly

This is what we Ask PARENTS to do to keep our children safe

- Keep supervising consistent and regular handwashing with your child
- Take your child’s temperature in the morning before school daily
- Make sure you clean and disinfect any bag, toy or equipment that your child brings into school
- Limit the contact your child has with other people outside the home
- Tell us immediately if your child or any member of your family display COVID symptoms
- Follow the school guidance and markings
- Look on class DOJO for school links and messages

Thank you for all your continued support

Tiverton School
